

## Metamark M-PPF<sup>®</sup> M

Matt Self-Healing TPU Paint Protection Film

**Metamark M-PPF<sup>®</sup> M** has a matt finish. Ensuring the highest level of performance, the product offers the ultimate protection to the factory paint finish, giving resistance to contaminants, abrasion, scratches, stone chips, bird soiling, and daily wear. The 125 micron film has self-healing, non-yellowing, top coat technology.

**Metamark M-PPF<sup>®</sup> M** can be used as a full or partial wrap, covered by our 7 year MetaSure Warranty.

All of the Metamark Paint Protection Films use advanced TPU film technologies to ensure the highest level of performance.

**Performance you can trust**

## Specifications

### M-PPF<sup>®</sup> M

|              |                                |
|--------------|--------------------------------|
| Face Film    | 125 Micron TPU Film            |
| Adhesive     | Repositionable Solvent Acrylic |
| Liner        | PET Liner                      |
| Durability   | 7 Years <sup>1</sup>           |
| Finishes     | Matt Optically Clear           |
| Roll Widths  | 1524mm                         |
| Roll Lengths | 15m                            |

## Features and Benefits

- TPU**  
**Advanced TPU Films**  
For exceptional impact resistance, conformability, and optical clarity.
- Hydrophobic**  
Water is repelled at a far greater rate than from factory paintwork.
- Self-Healing Technology**  
Films can endure levels of abrasion that recovers with gentle heat.
- UV**  
**Non-Yellowing**  
UV resistant to ensure long lasting optical clarity and near invisible protection layer.
- 7 Year Warranty**  
MetaSure warranty program that ensures the product compliance with specification.
