

Model: BU-1425 / 1440 / 1640 FA

Flatbed laminator ideal for one person to laminate on paper sheet, or mount on rigid substrates, like KT board, acrylic, aluminum composite panel, wooden board etc. Easy access operation by air compressor to raise or sleep down the roller. What you need to do is one hand to push the roller running and the other hand to peel off the liner at the same time; It makes laminating and mounting so easy.
